## Farm and Home Safety Program Mr. Dale Dobson

---

**The Rollover Tractor Simulator program** is the only one of its kind in the nation. It has a John Deere 4105 compact tractor bolted to a trailer 20 feet long and 8 feet wide. Push a button and the tractor turns over demonstrating the need to use the Rollover Protective Structure (ROPS).

The simulator is sponsored by the Association of Equipment Manufacturers; Kentucky Fire Commission, Fire/Rescue Training Office, Dixie Firefighters Association, and Wayne Supply Agri-Business Division, Challenger Tractors; and the Kentucky Department of Agriculture.
