On-Farm Safety Services from NYCAMH

Bilingual Trainings – Free

Meet food safety audit requirements and OSHA standards

- Packing house/process line safety
- Personal hygiene
- Heat & sun safety
- PPE use
- Tractor & equipment safety
- Skid steer/forklift safety
- Mechanical hazards
- Safe lifting & carrying
- Confined space awareness
- Hazard communication (chemical safety)
- Worker Protection Standard (WPS)
- Animal handling
- Milking parlor safety
- Chainsaw safety
- Other topics by request

Farm Emergency Preparedness – Free

- Emergency preparedness
- CPR & first aid certification through American Heart Association
- Basic first aid
- Fire safety & fire extinguishers

Respirator Fit Testing – Fee for Service

Meet OSHA & EPA WPS respiratory protection requirements

- Respirator fit testing
- Respirator use, cleaning, storage, & maintenance training
- Medical evaluation & clearance

Farmer's and Commercial Horse Boarding Operator's Exemption Certificate

ST-125
(6/18)

Name of seller			Name of purchaser		
Address (number and street)			Address (number and street)		
City, town, or village	State	ZIP code	City, town, or village	State	ZIP code
Commercial horse boarding operator – provide <i>Certificate of Authority</i> number: _____					

Mark an X in the applicable box: Single-purchase certificate Blanket certificate

You cannot use this form to purchase motor fuel (gasoline) or diesel motor fuel exempt from tax (see *Note* below). I certify that the purchase(s) is (are) exempt from payment of sales and use taxes on the property or service(s) indicated below. The property or service(s) will be used or consumed in farm production or in a commercial horse boarding operation, or in both, in the exempt manner indicated below. Mark an X in any applicable boxes.

- A. The tangible personal property, whether or not incorporated in a building or structure, will be used or consumed predominantly (more than 50%) either in the production for sale of tangible personal property by farming or in a commercial horse boarding operation, or in both. This includes farming equipment as well as building materials that will be used to erect, install, repair, maintain, or service a building or structure used predominantly either in farm production or in a commercial horse boarding operation, or both.
- B. The service consists of installing, repairing, maintaining, or servicing exempt tangible personal property used or consumed predominantly either in farm production or in a commercial horse boarding operation, or in both.
- C. The service consists of repairing, maintaining, or servicing a building, structure, or other real property used or consumed predominantly either in farm production or in a commercial horse boarding operation, or in both.
- D. The motor vehicle will be used predominantly either in farm production or in a commercial horse boarding operation, or in both.
- E. The gas (including propane in containers of 100 pounds or more), electricity, refrigeration, or steam, or the gas, electric, refrigeration, or steam service, will be used or consumed either in farm production or in a commercial horse boarding operation, or in both.
- F. The drugs or medicine will be used by a person (including a veterinarian performing veterinary services) on livestock or poultry used in farm production. **Note:** This box is valid only for purchases on or after June 1, 2018 (see *instructions*).

Note: To purchase motor fuel (gasoline) or diesel motor fuel exempt from tax:
 • Use Form FT-1004, *Certificate for Purchases of Non-Highway Diesel Motor Fuel or Residual Petroleum Product for Farmers and Commercial Horse Boarding Operations*, for certain purchases of diesel motor fuel.
 • Use Form FT-420, *Refund Application for Farmers Purchasing Motor Fuel*, to claim a refund of the motor fuel excise tax, the petroleum business tax, and the state and local sales tax on certain purchases.
 • Use Form FT-500, *Application for Refund of Sales Tax Paid on Petroleum Products*, to claim a refund of sales tax on certain purchases.

Certification: I certify that the above statements are true, complete, and correct, and that no material information has been omitted. I make these statements and issue this exemption certificate with the knowledge that this document provides evidence that state and local sales or use taxes do not apply to a transaction or transactions for which I tendered this document and that willfully issuing this document with the intent to evade any such tax may constitute a felony or other crime under New York State Law, punishable by a substantial fine and a possible jail sentence. I understand that this document is required to be filed with, and delivered to the vendor as agent for the Tax Department for the purposes of Tax Law section 1838 and is deemed a document required to be filed with the Tax Department for the purpose of prosecution of offenses. I also understand that the Tax Department is authorized to investigate the validity of tax exclusions or exemptions claimed and the accuracy of any information entered on this document.

Signature of purchaser or purchaser's representative (give title and relationship)	Date
Type or print the name, title, and relationship that appears in the signature box	/ /

This certificate is not valid unless all entries have been completed by the purchaser.

The Farmer's and Commercial Horse Boarding Operator's Exemption Certificate	30
Order Form	31

Our Mission

Enhancing agricultural and rural health by preventing and treating occupational injury and illness.

Farmers with Tax Exemption

For your convenience, a copy of The Farmer's and Commercial Horse Boarding Operator's Exemption Certificate can be located on page 26. New customers should submit the form along with payment for their first transaction. For returning customers, tax exempt forms are kept on file at NYCAMH and you do not need to mail a new one if you have previously submitted one. Please call 800.343.7527 if you are unsure you are on our tax exemption list.

Personal Protective Equipment (PPE)

Personal protective equipment refers to any protective clothing, helmets, goggles, or other garments designed to protect the wearer's body from injury. In agriculture, forestry, and fisheries work, many types of PPE may be needed. NYCAMH offers a wide variety of PPE suitable for many tasks. As a not-for-profit organization our goal is to provide farmers and foresters with **quality, low cost** protective equipment.

To ensure that you are adequately protected from occupational injury, it is important to understand the hazards to which you may be exposed. If you work with chemicals or pesticides, please consult the manufacturer's Safety Data Sheet (SDS), and label for information about what types of PPE may be required. If you are unsure what PPE is appropriate for a task, please reference our selection guide, located in the middle of the catalog, as a starting point, or call NYCAMH at 800.343.7527 for further assistance.

Slow Moving Vehicle Emblem

New SMV emblems are 10 times brighter and last twice as long. ASAE approved. NYS law requires vehicles that travel 25 mph or less to have a Slow Moving Vehicle emblem:

- Placed in the middle of the back end
- Located two to six feet above the road
- Kept clean and replaced when faded

Type: Metal

Price: \$10.00

Type: Plastic

Price: \$10.00

Type: Decal

Price: \$8.00

SMV mounting kits

Mounting Socket: \$1.50

Mounting Spade: \$1.50

Extremity marking kit

6 yellow & 2 red, 2"x9" retro reflective strips

Kit: \$7.50

Mounting hardware included with all SMV emblems and mounting kits.

Bare-Co Tractor Seatbelts

If you have a ROPS kit installed on your tractor, it is important that you wear your seatbelt to prevent any unnecessary injuries. Seatbelts help keep the tractor operator in the safety zone created by the roll-bar, and are more effective in preventing injuries than using the ROPS without a seatbelt.

Certified ROPS kits (available through the ROPS Rebate Program) include seatbelts. However; if your seatbelt has been damaged or removed, you can now order a replacement.

NOTE: on tractors fitted with suspension seats, belts should be attached to the approved mountings on the seat. For old tractors without suspension seats belts can be attached to 7/16" diameter bolts in tractor transmission housing.

Adjustable seatbelt

Fully approved to EEC standard.

Price: \$32.00 each

Retractable seatbelt

Fully approved to EEC standard.

Price: \$42.00 each

Bare-Co ROPS seatbelt mounting kit

For use where bolts need to be attached to Bare-Co ROPS frame.

Price: \$12.50 each

Respiratory Protection

The purpose of a respirator is to prevent the inhalation of harmful airborne substances. If you or your employees conduct do any of the following activities you may require respiratory protection:

- Cleaning barns or other animal confinement areas
- Mixing footbath chemicals
- Applying pesticides, fertilizers, or other crop chemicals
- Silo filling, unloading, or maintenance
- Other grain or silage handling activities
- Welding, spray painting, or other shop activities

Masks and respirators must be carefully selected to match each respiratory hazard. A respirator must fit your face properly, be NIOSH certified, and be appropriate to the hazard to provide adequate respiratory protection. One-strap disposable masks are not NIOSH certified and do not provide respiratory protection in any situation.

OSHA requires that a fit test be performed with the same make, model, and size of respirator before it is used.

NYCAMH can provide services for proper fit, use, limitations, and maintenance of respirators and cartridges, or we can connect you with a similar facility closer to you for these services. Contact us for additional respirator information.

HealthWorks clients, please contact a HealthWorks representative for your respirator needs.

Half-face Respirators and Replacement Parts

Protect yourself from harmful **gases, vapors, and/or particles**. Half-face respirators offer a higher degree of protection than disposable respirators, and can be equipped with a variety of filters and cartridges suitable to your workplace exposures.

North 7700 half-face respirator

Flexible silicone half-face respirator fits a variety of facial shapes. Offers a higher degree of protection than disposable respirators. Available in sizes S, M, or L.

Price: \$31.00 each

Replacement cradle suspension

For use with North 5500 and 7700 series half-face respirators. Includes head strap and buckles.

Price: \$24.75 each

Replacement cartridge connectors

For use with North 5500 and 7700 series half-face respirators.

Price: \$10.75/pair

BARE-CO PTO Shaft Shield Accessories & Replacement Parts

CV joint cover

Attaches to BARE-CO PTO shaft shields to fit over wide angle shafts.

To fit small diameter kit: \$65.00

To fit large diameter kit: \$82.00

Replacement bearing kit

For use with BARE-CO PTO shaft shields.

To fit small diameter kit: \$15.00

To fit large diameter kit: \$15.00

Extension bellows

Replaces existing bellows for applications requiring cover to end of end yoke. Can be trimmed to required length.

To fit small diameter kit: \$5.00

To fit large diameter kit: \$7.00

Replacement hand release levers

For use with BARE-CO PTO shaft shields.

To fit small diameter kit: \$5.00

To fit large diameter kit: \$5.00

BARE-CO Universal PTO Shaft Shields

Protect yourself, your family, and your employees from PTO entanglement.

Universal shield fits 90% of implements.

Meets SAE 522.1.

Lever release allows shield to be pulled back for easy maintenance

For installation instructions, visit:

<https://www.nycamh.org/programs-and-services/pto-shield.php>

To determine your length, measure from bearing groove to bearing groove. Each shield comes with an assortment of bearings.

Small Diameter: Fits yoke bearing groove diameter 1 5/16" to 2 1/8"		
Short	Mid-Length	Long
up to 5'	up to 7'	up to 10'
\$59	\$63	\$68
AS20090	AS20130	AS20180
Large Diameter: Fits yoke bearing groove diameter 2" to 3 1/8"		
Short	Mid-Length	Long
up to 5'	up to 7'	up to 10'
\$77	\$80	\$83
AS30090	AS30130	AS30180

Replacement inhalation valves

For use with North 5500 and 7700 series half-face respirators.

Price: \$11.75/6 pack

Replacement exhalation valves

For use with North 5500 and 7700 series half-face respirators.

Price: \$21.75/4 pack

Replacement exhalation valve seats

For use with North 5500 and 7700 series half-face respirators.

Price: \$10.50/pair

Replacement exhalation valve guards

For use with North 5500 and 7700 series half-face respirators.

Price: \$7.00 each

Disposable Cartridges and Filters

Fits North 5400, 5500, 7600 and 7700 series full- and half-face respirators.

North Defender

Multi-gases & vapors, P100 respirator cartridges

Approved for respiratory protection against organic vapors, chlorine, hydrogen chloride, sulfur dioxide, hydrogen fluoride, chlorine dioxide, ammonia, methylamine, formaldehyde; hydrogen sulfide for escape only. 99.97% efficient against solid or liquid particles, including oil-based particles.

Price: \$21.00/pair

North organic vapor & P100

Organic vapor & P100 respirator cartridges

Low profile cartridge approved for use against organic vapors and 99.97% efficient against solid or liquid particles, including oil-based particles.

Price: \$20.00/pair

North P100 cartridge

99.97% efficient against solid or liquid particles, including oil-based particles.

Price: \$7.50/pair

Logging Safety

Logging is consistently ranked one of the most hazardous industries in the United States. Whether you are pruning and removing limbs from storm damage, or cutting firewood, proper PPE should be used. Logging PPE includes:

- Hard hat
- Eye-face protection
- Hearing protection
- Gloves
- Leg protection
- Foot protection

Chainsaw wrap chaps

Water, oil, and snag-resistant nylon outer shell with protective pads; extra protection around backs of legs. Waist adjusts from 32"-40". Meets OSHA standard 1910.266. Available in 36" or 40" length.

Price: \$116.00

Woodsman hard hat

Hard hat with attached face shield and earmuffs. Ear muffs offer NRR 22 protection and provide stand-off and storage positions. Complies with ANSI Z89.1 standard.

Price: \$44.00

Heat & Sun Safety

Heat Safety

When working in hot, humid, or sunny conditions, protect yourself and others from heat illness by following these steps:

- Drink water every 15 minutes
- Rest in the shade
- Wear light colored clothing
- Know and watch for the warning signs of heat exhaustion and heat stroke

Sun Safety

NYCAMH recommends a sunscreen rated at SPF 30 or higher, with broad spectrum UV-A and UV-B protection. Sunscreen should be worn whenever you are outdoors, whether it's summer or winter, cloudy or sunny. Wide brim hats are also recommended. Baseball hats don't protect your ears or neck. Sunscreen should be applied 20-30 minutes. Long sleeves and pants can also help protect your skin from damaging UV rays.

North P100 pancake filters

99.97% efficient against solid or liquid particles, including oil-based particles.

Price: \$7.50/pair

Allegro alcohol-free cleaning pad

Alcohol-free cleaning wipes provide quick, affordable way for workers to clean respirators. Benzalkonium Chloride wipes won't harm rubber facepieces. Contains 100 5"x8" individually packaged wipes.

Price: \$12.00/box of 100

Alternate models of half-face respirators, full-face respirators, filters, cartridges, and powered air purifying respirators (PAPR) can be special ordered. Please call 800.343.7527 for assistance.

Disposable Respirators

These respirators are certified by NIOSH for **protection from harmful dusts**. They do not protect against vapors or gases, including paint vapors, formaldehyde, and certain pesticides.

Moldex 2300 N95

Dust mask with exhalation valve, size M/L

Box of 10
Price: \$28.50

Moldex 2200 N95

Dust mask, without exhalation valve, size M/L

Box of 20
Price: \$26.25

Moldex 2301 N95

Dust mask with exhalation valve, size S

Box of 10
Price: \$28.50

Moldex 2201 N95

Dust mask, without exhalation valve, size S

Box of 20
Price: \$26.25

Moldex 2307 N95

Dust mask with exhalation valve, alternate shape

Box of 10
Price: \$34.50

Moldex 2207 N95

Dust mask without exhalation valve, alternate shape

Box of 20
Price: \$26.25

Chemical resistant apron

18 oz. Hycar (nitrile blend), protects against grease and animal fats, works well in cold conditions

Price: \$23.50

Nitrile gloves

Unlined 15 mil, silicone and latex free.

Sizes : S/M/L/XL/2XL

Price: \$2.00/pair

North Silver Shield gloves

2.7 mil, five layer barrier laminate glove, construction provides excellent chemical resistant to over 280 different chemicals. Thin and lightweight, good liner gloves.

Sizes: 7/8/9/10/11

Price: \$9.00/pair

Chemical Protection

Before using any pesticide or chemical it is important to read the label and/or Safety Data Sheet (SDS) first. They contain information about PPE requirements, and guide you on how to use the pesticide or other chemical safely and effectively.

NYCAMH can help you order the correct chemical resistant suit for your application purposes.

Clear Face Shield

Protect yourself from impacts and chemical splashes. Made of scratch and impact-resistant polycarbonate. Headgear has ratcheting adjustment for a secure fit. Visor can be flipped up when not in use.

Price: \$14.25

3M 8210 N95

Disposable respirator, one size

Price: \$16.25
Box of 20

3M 8110 N95

Disposable respirator, size small

Price: \$18.50
Box of 20

3M 8511 N95

Disposable respirator with exhalation valve, one size

Price: \$24.00
Box of 10

3M 9211+ N95

Disposable respirator, fold flat, individually packaged, one size

Single mask
Price: \$2.50

Box of 10
Price: \$20.75

N100 and P100 Respirators

N100 and P100 respirators offer high filter efficiency, comparable to a HEPA filter. They filter 99.97% of particulates from the air. N series respirators are not resistant to oil, and P series respirators are oil proof.

3M 8233 N100

Disposable respirator, 99.97% filtration efficiency against non-oil based particles, exhalation valve reduces heat build-up inside the respirator, adjustable straps allow for a custom fit, one size

Price: \$14.00 each

Moldex 2360 P100

Disposable respirator, 99.97% filtration efficiency offers protection against oil based particles, exhalation valve reduces heat build-up inside the respirator, adjustable straps allow for a custom fit, one size

Price: \$41.00/ package of 4

3M 8293 P100

Disposable respirator, 99.97% filtration efficiency offers protection against oil based particles, exhalation valve reduces heat build-up inside the respirator, adjustable straps allow for a custom fit, one size

Price: \$13.00 each

Splash Goggles

It is important to protect your eyes when working around chemicals that may splash, spray, or mist. Regular safety glasses do not form a seal around the eyes and may allow hazardous chemicals to enter from around or underneath them. When worn correctly, goggles protect your eyes from objects or chemicals that may enter them. Goggles may be worn over glasses without affecting either's function.

Chemical splash goggles

Indirect vents let air flow in, but not chemical splashes. Lenses are scratch-proof polycarbonate, and soft vinyl mask conforms to face for a comfortable fit. Adjustable elastic strap keeps goggles secure. Meets all ANSI Z87.1 requirements.

Price: \$2.50/pair

Low profile chemical splash goggles

Anti-fog chemical splash goggle. Low profile, modern sport design with anti-glare frame. Indirect vent provides chemical splash protection. Lightweight goggle performs with superior protection. Adjustable elastic band and soft PVC frame provide comfort and custom fit. Meets all ANSI Z87.1 requirements.

Price: \$5.00/pair

Welding and alternate goggle styles can be special ordered.

Pyramex Avante Safety Glasses

Silver frame, indoor/outdoor anti-fog, scratch resistant lens

Price: \$5.00/pair

Radians Revelation Safety Glasses

Black frame, polarized smoke lens

Price: \$11.00/pair

Crews BearKat Mini Safety Glasses

Grey or clear lens. Smaller size fits women and children.

Price: \$2.75/pair

Crews Law Over The Glass (OTG) Safety Glasses

Silver frame, grey or clear lens. Anti-fog, Duramass® coating minimizes scratching and fogging for longer wear and improved vision. Ratcheting temples adjust to fit over most prescription eyewear.

Price: \$5.75/pair

Welding Respirators

Welding respirators meet heat and flame resistance in accordance with ANSI/ISEA 110-2003 and fit easily under welding hoods.

Moldex 2315 Welding N99

Disposable respirator, 99% filtration efficiency against welding fumes in non-oil areas, exhalation valve increases ease of breathing, adjustable straps allow for a custom fit, M/L

**Bag of 10
Price: \$58.00**

3M 8212 Welding N95

Disposable respirator, 95% filtration efficiency against welding fumes in non-oil areas, exhalation valve increases ease of breathing, one size

**Box of 10
Price: \$56.00**

Alternate models of welding, higher filtration, and oil resistant masks can be special ordered. Please call 800.343.7527 for further assistance.

Hearing Protection

Hearing loss is permanent. You can't restore your hearing once it's lost, but you can protect what hearing you have if you wear hearing protection. NYCAMH recommends hearing protectors with the highest Noise Reduction Rating (NRR) available, though a hearing protector with a lower NRR may be recommended for people who already have hearing loss. Call NYCAMH if you have any questions.

Earmuffs

Lightweight, stainless steel headband resists bending and warping. Liquid/foam filled earmuff cushions provide a comfortable fit.

Replacement Hygiene Kits

Extend the life of your earmuffs by replacing worn out cushions and dampening foam. Each hygiene kits contains 1 pair of cushions, and 1 pair of dampers.

Peltor model H10A earmuff

NRR 30 dB, Color: red

Price: \$23.00

H10A hygiene kit

Price: \$16.50

3M Pro-Grade Earmuffs

NRR 30 dB professional grade earmuff with comfortable vented headband, Color: red

Price: \$24.75

Eye Protection

When used properly, eye protection can prevent eye injuries from small and flying particles, chemicals, and radiant light. It is important to not wear contacts when working with chemicals or fine particles, as contacts can trap these materials between the lens and eye leading to further damage. All safety glasses meet ANSI Z87 2003 standards and offer 99.9% UV-A UV-B protection.

Jackson Nemesis Safety Glasses

Black frame, fog free clear lens

Price: \$5.50/pair

Camo frame, fog free amber lens

Price: \$8.50/pair

Edge Dakura Safety Glasses

Scratch resistant hard coat, anti-fog polycarbonate lens. Wrap around frame, no side shield distortion.

Black frames, smoke lens. Reduces eye strain in sunny environments.

Price: \$12.50/pair

Black frame, copper lens. Helps improve vision by selectively filtering specific blue light wave lengths. Beneficial in hazy or foggy conditions.

Price: \$12.50/pair

Earplugs

3M E-A-R taper fit earplugs

Disposable soft foam earplugs. Each pair enclosed in a poly bag. NRR 33 dB

1 Pair
Price: \$0.25

200 Pair Box
Price: \$26.00

3M Skull Screws

Uncorded, foam earplugs. Push-to-fit style requires no roll down and makes for easier, quicker, and more hygienic insertion. NRR 30 dB

1 Pair
Price: \$0.50

EAR Push-Ins

Corded, reusable, foam tip earplug. Push in style requires no roll down. NRR 28

1 Pair
Price: \$0.75

Moldex Rockets

Corded, reusable, flange style earplugs. Push in style. Carrying case included. NRR 27

1 Pair
Price: \$1.50

Peltor model H7 earmuff

NRR 27 dB, Color: green

Price: \$18.50

H7 hygiene kit

Price: \$10.00

Peltor model H9 earmuff

NRR 25 dB, Color: yellow

Price: \$15.75

H9 hygiene kit

Price: \$13.75

Peltor junior earmuff

Fits a wide range of head sizes, from infants through small adults. Adjustable headband. NRR 22 dB.

Colors: pink, or black

Price: \$18.00

Hearing Band

Banded style hearing protectors sit at/over the opening of the ear canal.

H. Leight QB2

HYG supra-aural sound band, NRR 25 dB, 1 pair

Price: \$4.50/band

QB2 Replacement Pods

Price: \$2.50/pair

PPE Selection Guide

Many of the tasks performed by farmers and foresters require or can be made safer by using the appropriate PPE. The selection guide below can be used as a quick reference when choosing PPE.
