

Save the date!

The *virtual Agricultural Safety and Health Core Course* will take place on **June 1, 16, 23, and 30, 2023**. An in-person farm tour* at **Iowa State University** is also available on **June 2**.

The Agricultural Safety and Health Core Course has been the national model of effective agricultural safety and health education for over two decades. The course provides information and skills needed to enable safety and health professionals to anticipate, recognize, and prevent occupational illnesses and injuries among members of the agricultural community.

Expert instruction is provided by experienced faculty and specialists including Board-Certified Physicians, Nurses, Veterinarians, and Certified Industrial Hygienists. Certificates are provided upon course completion. See website for information about continuing education credits.
